Dear Valued Channel Partners,

Eastman Cast & Forge Ltd. (ECFL), established in 1990, is a key entity of the esteemed Eastman Group. The Group also comprises Eastman Industries Ltd. and its subsidiary, Eastman Auto & Power Ltd. Collectively, the Group has achieved an impressive turnover exceeding ₹6000+ crore (net of GST) during the financial year April 2025 to March 2026.

ECFL operates at a significant scale, supported by a manufacturing infrastructure spanning over 44,000 square yards and an annual production capacity of more than 24 million tools. Our commitment to quality and reliability has enabled us to become a preferred supplier to globally recognized OEMs, including John Deere, ISUZU, Mahindra & Mahindra, TAFE, Eicher, CNH (New Holland), Ashok Leyland, Tata Motors Ltd., TVS, VST, Gujarat Forging International Tractor Ltd., Lakshmi Machine Works, and VE Commercial Vehicles Ltd.

We take pride in our robust distribution network, comprising 25+ distributors and over 600 dealers nationwide, catering to hand tools, power tools, OEM tool kits, 3-point linkage systems, and cleaning solutions. Our PAN India network of authorized service centers ensures prompt and efficient customer support. Additionally, our global footprint extends across 28 countries in Europe, Asia, and the CIS region, including Russia and Ukraine.

Our strategic focus on institutional sales has resulted in successful registrations with nine leading utilities across the country, with an additional 21 registrations currently in progress. These initiatives are designed to strengthen our market presence and empower our channel partners.

In line with our growth vision, we plan to introduce 25+ new products this year, developed through comprehensive market research. This expansion will enable our partners to meet evolving market demands and consistently achieve their sales objectives. We remain committed to manufacturing excellence through continuous technological advancement and by fostering streamlined processes that enhance the ease of doing business with ECFL.

As India accelerates in the areas of digital transformation and advanced technology, we are leveraging data-driven insights to strengthen our channel ecosystem. Together, we look forward to achieving sustained growth and shared success.

Yours sincerely,

J.R. SINGAL

Managing Director

NON SPARKING TOOLS - SAFETY FIRST

NON-SPARKING TOOL FEATURES

- These tools are used where sparking (which is normally not visible) produced while striking, rubbing or colliding of tools during working, may become hazardous or may result in Fire.
- Widely used in Oil and Gas works, Petro-Chemical Plants, Chemical Industries, Mines, Explosive manufactures, Shipyards, Pipeline construction, Armed Forces, Airports, Wine making, Pharmaceuticals, and other such places where spark can be a potential danger of fire & explosion.
- Can also be used in manufacturing and repairing of special purpose machines.
- These tools are gaining popularity because of their fine quality, competitive price & on time delivery against order.
- Eastman Non-Sparking Tools are: - Corrosion Resistant - Anti Magnetic
